EDUCATION

🎓 **GREAT LAKES INS. OF MNGMT**
PGP – Data Science
2019' Mar

🎓 **SIR MVIT**
B.E (Electrical and Electronics)
2014-2018

OBJECTIVE
A Data Scientist having ability to articulate with both technical professionals and end users to identify and translate business requirements into actionable project plans. Graduated in Data Science and Engineering (DSE) from Great lakes, I have worked on a myriad of datasets where I performed data cleansing, data analysis and data visualizations

EXPERIENCE

DATA SCIENCE ENGINEER
(Aug'19 - Present)
My responsibilities are:
1. Insurance: to derive all the possible outcomes why the document of a customer has been declined.
2. Medical: Classifying the medical bills according to the health care department

MACHINE LEARNING CONTENT DEVELOPER
(Jan'19 – Mar'19)
My responsibility was to write contents on machine learning concepts with working demo for a non- profit community.

WEB DEVELOPER INTERN
(Aug'17 – Dec'17)
My responsibility was to build website for small vendors for their online presence.
